According to him, the program also delivered additional benefits through health education, helping the community understand the importance of continuing treatment through available healthcare facilities. Jali Rahman expressed his hope that similar activities would continue to be implemented regularly, as they greatly benefit residents, particularly those with limited access to healthcare services. The presence of healthcare professionals providing medical examinations, medications, and guidance on continuing treatment at healthcare facilities has become valuable knowledge for the community.</p> <p>Meanwhile, Director of PT Hasnur Internasional Shipping Tbk, Rahmad Pudjotomo, stated that this initiative forms part of the corporate social responsibility (CSR) program of the Company, which focuses on improving the quality of life of communities surrounding its operational areas.
