Permintaan Penjelasan Bursa

Sehubungan dengan surat IDX Nomor S.13034.BEI.PP1.10-2026, tertanggal 13 Oktober 2026 Perihal Penjelasan atas Permintaan Penjelasan Bursa, berikut kami sampaikan sebagai berikut:

Permintaan Penjelasan Bursa - 13 Oktober 2026

Sehubungan dengan meningkatnya kejadian kebakaran hutan dan lahan (karhutla) di sejumlah wilayah di Indonesia sebagaimana diberitakan di media massa serta data titik panas yang dirilis oleh instansi pemerintah terkait, dan dalam rangka memastikan keterbukaan informasi yang memadai kepada publik, Bursa meminta penjelasan Perseroan atas hal-hal sebagai berikut:

1. Apakah Perseroan dan/atau entitas anak memiliki wilayah operasional, konsesi, atau aset di sejumlah wilayah di Indonesia? Jika ya, agar dapat dijelaskan:
 - a. Lokasi (provinsi dan kabupaten), serta entitas yang mengelola PT Medco Energi Internasional Tbk (Perseroan), melalui entitas anak, memiliki dan mengoperasikan aset minyak dan gas serta ketenagalistrikan di sejumlah wilayah di Indonesia. Aset minyak dan gas Perseroan antara lain berada di Aceh, Kepulauan Riau, Sumatera Selatan, Jawa Timur, Sulawesi Tengah, Kalimantan Tengah, dan Kalimantan Utara. Aset ketenagalistrikan Perseroan antara lain berada di Kepulauan Riau, Riau, Sumatera Selatan, Sumatera Utara, Jawa Barat, Jawa Timur, Bali, dan Nusa Tenggara Barat.
 - b. Kontribusi terhadap total produksi dan pendapatan Perseroan.
Aset-aset Perseroan yang berlokasi di Indonesia memberikan kontribusi yang signifikan terhadap total produksi minyak dan gas bumi, penjualan tenaga listrik, serta pendapatan konsolidasian Perseroan. Informasi mengenai kinerja produksi dan pendapatan Perseroan telah diungkapkan secara berkala dalam laporan keuangan, laporan tahunan, dan publikasi Perseroan yang tersedia untuk publik.
2. Bagaimana dampak karhutla terhadap Perseroan, meliputi:
 - a. Kegiatan operasional dan target produksi tahun 2026;
Sampai dengan tanggal penyampaian penjelasan ini, Perseroan terus memantau perkembangan kondisi karhutla di wilayah operasi yang relevan. Terdapat penyesuaian logistik tertentu, namun tidak berdampak material terhadap kegiatan operasional maupun pelaksanaan program kerja Perseroan. Berdasarkan kondisi saat ini, target produksi dan target operasional Perseroan 2026 tetap sesuai rencana.
 - b. Estimasi dampak terhadap pendapatan, laba, dan nilai aset;
Berdasarkan evaluasi sampai dengan saat ini, Perseroan tidak mengidentifikasi dampak material dari karhutla terhadap pendapatan, laba, maupun nilai aset Perseroan. Apabila terdapat perkembangan yang bersifat material, Perseroan akan menyampaikan keterbukaan informasi sesuai ketentuan yang berlaku.

c. Apakah terdapat unplanned shutdown di lokasi site atau lahan milik operasional Perseroan?

Sampai dengan tanggal penyampaian penjelasan ini, tidak terdapat unplanned shutdown akibat karhutla yang berdampak material terhadap kegiatan usaha Perseroan.

3. Agar dijelaskan strategi Perseroan untuk memitigasi dampak tersebut, baik jangka pendek maupun jangka panjang, termasuk langkah pencegahan dan penanggulangan karhutla.

Perseroan secara aktif melakukan pencegahan dan penanggulangan karhutla melalui pemantauan titik panas, peningkatan kesiapsiagaan tanggap darurat, koordinasi dengan instansi terkait, serta pelibatan masyarakat. Upaya tersebut antara lain dilakukan melalui partisipasi dalam Satgas Karhutla di Kecamatan Lais dan Babat, Kabupaten Musi Banyuasin, termasuk dukungan pemadaman dalam radius 5 km dari fasilitas operasi, bantuan sarana pemadam kebakaran, dan pengerahan tim pemadam Perusahaan. Di wilayah operasi Medco Bangkanai, Perseroan bekerja sama dengan Manggala Agni Barito Utara dalam sosialisasi dan pembentukan Masyarakat Peduli Api (MPA) di Desa Karendan dan Haragandang, yang berbatasan langsung dengan fasilitas Medco Bangkanai. Pada 2026, Perseroan bersama KPH Barito Hulu melaksanakan sosialisasi dan patroli antisipasi karhutla serta memasang spanduk imbauan pencegahan di kedua desa tersebut. Ke depan, Perseroan berencana melanjutkan sosialisasi bersama Manggala Agni dan KPH Barito, serta terus memperkuat penerapan HSSE, manajemen risiko, dan kolaborasi dengan pemerintah serta masyarakat untuk meminimalkan risiko karhutla terhadap lingkungan, fasilitas operasi, dan keberlangsungan usaha.

4. Apakah Perseroan dan/atau entitas anak sedang menghadapi/berpotensi menghadapi proses hukum dan/atau sanksi administratif terkait karhutla (penyegelan lahan, penyelidikan, gugatan/ pencabutan izin)? Jika ya, jelaskan status dan potensi dampaknya terhadap kelangsungan usaha Perseroan.

Sampai dengan tanggal penyampaian penjelasan ini, Perseroan tidak menghadapi proses hukum maupun sanksi administratif terkait karhutla yang berdampak material terhadap kegiatan operasional atau kelangsungan usaha Perseroan.

5. Apakah terdapat informasi atau fakta material lain terkait karhutla yang perlu diketahui investor dan belum diungkapkan kepada publik? Jika ya, jelaskan.

Sampai dengan tanggal penyampaian penjelasan ini, tidak terdapat informasi atau fakta material lain terkait karhutla yang perlu diungkapkan kepada publik. Perseroan akan memenuhi kewajiban keterbukaan informasi sesuai ketentuan yang berlaku apabila terdapat perkembangan yang bersifat material.

Request for Clarification from PT Bursa Efek Indonesia (Indonesia Stock Exchange) 13 October 2026

In light of the increasing incidents of forest and land fires (karhutla) in several regions across Indonesia, as reported by the mass media and reflected in hotspot data released by the relevant government agencies, and in order to ensure adequate public disclosure, the Exchange requests the Company to provide explanations on the following matters:

1. Does the Company and/or its subsidiaries have operational areas, concessions, or assets in various regions of Indonesia? If so, please explain:

a. Locations (province and regency/municipality), and the managing entities PT Medco Energi Internasional Tbk

(the Company), through its subsidiaries, owns and operates oil and gas as well as power generation assets in various regions of Indonesia. The Companys oil and gas assets are located, among others, in Aceh, Riau Islands, South Sumatra, East Java, Central Sulawesi, Central Kalimantan, and North Kalimantan. The Companys power generation assets are located, among others, in the Riau Islands, Riau, South Sumatra, North Sumatra, West Java, East Java, Bali, and West Nusa Tenggara.

b. Contribution to the Companys total production and revenue

The Companys assets located in Indonesia contribute significantly to its total oil and gas production, electricity sales, and consolidated revenue. Information regarding the Companys production performance and revenue has been disclosed periodically through its financial statements, annual reports, and public disclosures available to investors and the public.

2. Please explain the impact of forest and land fires on the Company, including:

a. Operational activities and the Companys 2026 production targets As of the date of this response, the Company continues to closely monitor developments relating to forest and land fires in relevant operational areas. While certain logistical adjustments have been required, these have not had a material impact on the Companys operations or the implementation of its work programs. Based on current conditions, the Companys 2026 production and operational targets remain on track and in line with plan.

b. Estimated impact on revenue, profit, and asset value

Based on the Companys assessment to date, no material impact from forest and land fires has been identified on the Companys revenue, profit, or asset values. Should any material developments arise, the Company will make the necessary disclosures in accordance with applicable regulations.

c. Whether there have been any unplanned shutdowns at the Companys operational sites or land areas

As of the date of this response, there have been no unplanned shutdowns resulting from forest and land fires that have materially affected the Companys business operations.

3. Please explain the Companys strategy to mitigate these impacts, both in the short and long term, including fire prevention and response measures.

The Company actively undertakes forest and land fire prevention and mitigation efforts through hotspot monitoring, enhanced emergency preparedness, coordination with relevant authorities, and community engagement initiatives. These efforts include participation in the Forest and Land Fire Task Force in Lais and Babat Districts, Musi Banyuasin Regency, including firefighting support within a 5-kilometer radius of operational facilities, provision of firefighting equipment, and deployment of the Companys firefighting teams.

In the Medco Bangkanai operating area, the Company collaborates with Manggala Agni Barito Utara to conduct awareness campaigns and establish Community Fire Awareness Groups (Masyarakat Peduli Api or MPA) in Kareندان and Haragandang Villages, which are located adjacent to Medco Bangkanai facilities. In 2026, the Company, together with the Barito Hulu Forest Management Unit (KPH Barito Hulu), conducted fire prevention awareness programs, patrols, and installed preventive signage in both villages.

Going forward, the Company plans to continue its awareness programs with Manggala Agni and KPH Barito, while further strengthening HSSE implementation, risk management practices, and collaboration with government agencies and local communities to minimize forest and land fire risks to the environment, operational facilities, and business continuity.

4. Is the Company and/or any of its subsidiaries currently facing, or potentially facing, legal proceedings and/or administrative sanctions related to forest and land fires (including land sealing, investigations, lawsuits, or permit revocations)? If so, please explain the status and potential impact on the Companys business continuity.

As of the date of this response, the Company is not subject to any legal proceedings or administrative sanctions related to forest and land fires that would have a material impact on its operations or business continuity.

5. Is there any other material information or fact related to forest and land fires that investors should be aware of and that has not yet been disclosed to the public? If so, please explain.

As of the date of this response, there is no other material information or fact related to forest and land fires that needs to be disclosed to the public. The Company will continue to comply with its disclosure obligations in accordance with applicable regulations should any material developments occur.

Demikian untuk diketahui.
